| DESERT SERIES FEATURES                            | BENEFITS   |
|---|--|
| Designed and manufactured in USA since 2014       | Confidence in quality                                    |
| Multiple fans in rear panel                       | Air flow eliminates overheating of screen                |
| Cross flow fans in front cover lower frame        | Extra airflow between TV and front glass protects TV     |
| All aluminium powder coated construction          | Lightweight, durable, non-rusting, and stylish           |
| No external hinges                                | Looks like a TV, not a TV in a cabinet                   |
| Anti-glare safety glass with IR film              | Reduces glare, protects TV from harmful UV and IR rays   |
| Tight-Seal technology                             | Protects TV against rain, dust, and insects              |
| Removable dust filters                            | Easily removed and washed to retain effectiveness        |
| Temperature controlled, filtered air-flow system  | Protects your TV in temperatures up to 50°C              |
| Down-facing sound port                            | Transfers TV speaker audio effectively                   |
| Watertight cable cover                            | Prevents water entry around cables                       |
| 2.5 metre weatherproof power cable                | For safe outdoor installation                            |
| Power strip with UAE connectors inside cabinet    | Factory fitted for powering TV and internal equipment    |
| Custom fit protective dust cover (optional)       | Protects from dirt and dust when not in use              |
| Choice of wall, ceiling, and full motion mounts   | Provide multiple installation options for better viewing |
| Weatherproof mounts with stainless steel hardware | Increased safety and durability                          |
